

Valentín Fernández Vázquez

Systems Engineer

I'm a systems engineer currently working in Quality Assurance. I'm contributing to ensure the quality of the software used in the mortgage industry by creating, maintaining and executing manual and automated test cases.

Due to my passion for web development, I'm working on improving my skills in order to become a full stack developer.

Hard Skills

JavaScript (WebdriverIO, React, Redux, Router, Axios, Express, NodeJS), Java,, Databases (MongoDB - Mongoose, MySQL, PostgreSQL)

Soft Skills

Idea Exchange, Collaboration, Curiosity, Self-motivation, Responsability, Commitment, Team Work, Proactiveness

---

Job Experience

Solvd/ Test Automation Engineer

Jan 2021 - Oct 2021, TANDIL - ARGENTINA

I create, maintain and execute manual and automated test cases for mobile and desktop. Some of the technologies and tools I work with are Applitools, WebdriverIO, and BrowserStack. Also contributed to the project on features/and bug fixes on the code base (ReactJS, StyledComponets)

PLADEMA Institute/ Full Stack Developer

March 2020 - Sep 2020, TANDIL - ARGENTINA - Part Time

I contributed to the development of a web platform that helps elderly people to perform temporal-spatial cognitive training using technologies like Google Maps. I worked with tools like React, NodeJS, MongoDB, Mongoose, JWT, PeerJS, Google Maps API, Axios, Redux, SocketIO, MaterialUI, etc.

U.N.I.C.E.N/ Assistant Professor

March 2019 - December 2020, TANDIL - ARGENTINA

I've taught students to understand and write algorithmic solutions, focusing on quality and performance.

Studies

U.N.I.C.E.N/ Systems Engineering

March 2016 - 2021, TANDIL - ARGENTINA

GPA: **8.62/10**

U.N.I.C.E.N/ Systems Analyst

March 2016 - September 2019, TANDIL - ARGENTINA

GPA: **8.13/10**
