Profile

I've been working in the IT field for +14 years on different kinds of projects, and I have really enjoyed it so far. I define myself as a fast learner, detail-oriented and responsible engineer. Able to thrive in projects with agile methodologies.

Learning new technologies and then being able to apply them to innovate or improve existing projects is very satisfying. I like to be a part of a team willing to build solutions that make the difference.

Education

University: ORT Argentina
System Analyst – Computer Science - 2019 - 2021 - Graduated

Skills

- Javascript, NodeJs, Java, Angular
- Cloud: AWS - Lambda, Api Gateway, SQS, SNS, S3, ElasticSearch, Cognito, Redis, CloudFormation, Cloudfront, EC2, SSM, IAM, SAM
