- Refactor the Invoice XML signature component in order to process more documents per day.

Education

Jose faustino sanchez carrión, **Huacho** - **Perú** : bachelor of Computer engineering

Jul 2008 – Jul 2013

Leadership

Coach of ACM ICPC teams in my university, there is a community inside my university where I collaborate teaching classes about algorithms and data structures, I also help writing problems and organizing algorithm contests.

I have been an onboarding buddy for new hires and mentor for intern which successfully finished their internship and got a full contract job, also I was mentor for tenured SDE who were looking for career advice.
