I am a Torcuato Di Tella University graduate, having earned both my Bachelor's and Master's degrees in Economics and Finance, respectively. Graduating with my Bachelor's degree in 2022, I continued my academic journey to obtain a Master's in Finance, completing my studies in December 2023. With a year and a half of experience as a financial advisor, I've demonstrated strong adaptability and efficient time management skills. My experience in navigating the complex economic state of Argentina has equipped me with valuable skills in dealing with challenging contexts. In addition, I perform well in collaborative team settings, utilizing effective communication skills to contribute positively to shared objectives. I thrive in dynamic settings, where my curiosity drives me to acquire and apply new knowledge.
