

JOAQUÍN GARCÍA SILVARREDONDA

PROFILE

I consider myself as an individual that can perform very well working in groups for a project, for example, or just working completely alone. I've got a great ability for self-learning. I perceive myself as someone who's eager to learn, constant, and able to achieve whatever my goal might be.

PREVIOUS EXPERIENCE

2021-Today

Red Bull Argentina

Finance Intern, at the Accounting department. I was in charge of the accounts payable part of the process (in which I learned a lot on how SAP works), including multiple tasks that ranged from dealing with vendors, to making the actual payments. I was also in charge of various tasks related to the financial analysis, where i frequently worked with excel and learned a bit of Power BI in the process.
