Summary

Advance Systems Engineering student at *Universidad Nacional del Centro de la Provincia de Buenos Aires*. Thesis on development.
University programmer analyst (APU).
Former freelance web developer.
Working for Grupo Assa as of June 2020.

Experience

Consultant, Grupo Assa.

Tandil, Buenos Aires — September, 2019 to the present

Currently working on an ERP (JDE 9.2 + C) project where versioning with Git and some artifacts of Scrum (sprints, backlog, daily meetings) are applied.

Working with a team of +20 also means putting soft skills, such as conflict resolution or clear communication, into practice.

Freelance Web Developer.

Tandil, Buenos Aires — September, 2018 to the present

As an extension of the previous job, I did maintenance and development on a PHP/HTML accounting system and a News web.

Web Developer, Dokko Group.

Tandil, Buenos Aires — May, 2014 - August, 2018

Over four and a half years, I've created multiple mobile-first web pages with excellent results. Frontend was implemented with HTML+Bootstrap, CSS, pure JS/jQuery, backend with PHP and SQL.

Some projects required new fast-learned technical knowledge, e.g., React and MongoDB.

Tutor, Student tutoring at U.N.I.C.E.N.

Tandil, Buenos Aires — 2014

As a tutor my role was to accompany, supervise and support a group of students in their first months of study.

Technical skills

Programming

Web: PHP, Javascript, CSS, HTML, cross-platform and mobile first web pages, REST services
Languages: C, C++, JAVA, React Native
Databases: MySQL, MongoDB
Code versioning: Git, CVS
Other: bash scripting, Apache server, Spring

Artificial Intelligence: Weka, Watson and Azure Chatbots

ERP: J.D. Edwards (Oracle)

Operating systems: Windows, Linux, MacOS
Languages: English (intermediate), Spanish (native)

Education

Universidad Nacional del Centro de la Provincia de Buenos Aires

Advance Systems Engineering student— 2009 to the present

Intermediate title achieved: University programmer analyst.

Currently working on my thesis work, a React Native mobile app focused on the topic of Recycling where testing tools such as Jest and JUnit are used. Backend developed in Java.

Volunteering

SCOUT Active Member

Tandil, Buenos Aires — 2019 to the present

Scout Movement is a movement with a strong focus on the outdoors that aims to support young people in their physical, mental, and spiritual development so that they may play constructive roles in society
As an adult there are a variety of roles in Scouting, from working as a helper for the young to administrative post.
