Moldes 2154, Buenos Aires

### Languages

- Spanish (Native)
- English (Advanced)
- French (Basic)

### Technologies

- Python
- PySpark
- Presto, Hive, SQL
- Scikit-learn, Keras, LightGBM, XGBoost
- Matplotlib, Seaborn

I'm an Actuary with a Master Degree in Data Science at Universidad Austral.

I have 5+ years experience working as a Data Scientist.

### Experience

#### Mercado Libre / Data Scientist

Feb 2018 - PRESENT, Buenos Aires

- Built predictive models using Statistics, Machine Learning and Deep Learning techniques
- Deployed models into production (Python and Spark)
- Analyzed large amounts of information to discover trends and patterns (Presto and Hive)
- Presented information using data visualization techniques

#### Directv / Data Scientist Shared Services Regional

May 2014 - Feb 2018, Buenos Aires

- Built predictive models and machine learning algorithms
- Presented information using data visualization techniques
- Performed ad-hoc data analysis
- Risk modeling
- Deployed models into production

### Education

#### Universidad Austral / Master Degree in Data Science

2017 -2019, Buenos Aires

#### Universidad de Buenos Aires / Actuary

2005 - 2012, Buenos Aires

### Certifications

- Working with the Class System in Python (DataCamp)
- Writing Functions in Python (DataCamp)
- Software Engineering for Data Scientists in Python (DataCamp)
- Intro to Python for Data Science Neural (DataCamp)
- Networks and Deep Learning (Coursera)
