Gabriel Garrido

DevOps Engineer at Caylent
Argentina

Summary

You can download the latest version of my curriculum vitae from the following link:
https://s3.us-east-2.amazonaws.com/gabrielgarrido/curriculum_vitae_current.pdf

Hello, My name is Gabriel and I'm living in Mendoza, Argentina, also I'm a passionate DevOps/SRE. I always try to get quality results while being aware of time and budget, my goal is to keep learning and to get more and new challenges. I've been working as a DevOps before it got that name for the last 12 years, I'm always working to get better and learn more and more, I do courses, labs, tests, and I'm always reading about new technologies and tools.

Experience

Caylent (We're Hiring!)
DevOps Engineer
July 2019 - Present (2 years)
Remote

Caylent provides on-demand custom DevOps outsourcing services, working alongside with many different teams sizes and project types to bring them to a modern state
considering the current best practices and security guidelines, focusing on the infrastructure so the
client can focus on the product.
