Vantage Certified Associate

Issued by: Teradata

Issued to: Diana Catalina Garcia Leal

Issued on: 20 December 2017

Description

A Vantage Certified Associate has knowledge of the core concepts of the Teradata Database at release 16.00. The Associate understands relational database concepts, the major components, core features and functionality, security and privacy, and Teradata's data distribution and data access methods including a basic understanding of Teradata Tools and Utilities. The Associate understands at a conceptual level how Teradata provides value (use cases).

Teradata - Intro to Vantage

Issued by: Teradata

Issued to: Catalina Garcia Leal

Issued on: 11 January 2020

Description

This badge demonstrates general knowledge of Teradata Vantage. Earners of this badge can describe Teradata Vantage, the analytic challenges it addresses, its business value, and its vision for the future. They can also share a Teradata analytics success story and, at a high level, describe the Teradata Vantage architecture and query execution flow.
