Subject: Congratulations on achieving your Certification in Medicines Development!

IFAPP academy

February 7th, 2022

Dear Valeria Ferreiro,

On behalf of the IFAPP Academy/King's College London Professional Certification Program, it gives us great pleasure to formally recognize your successful completion of the (6) modules and the End of Program Assessment (EPA).

Your scores have qualified you to receive your ***Academic Certificate in Medical Affairs*** from King's College London and the ***Professional Certification in Medicines Development*** *(CMD)* from IFAPP and IFAPP Academy.

We appreciate your contributions as a member of our learning community at IFAPP Academy. In turn, we trust that our program has contributed to your professional body of knowledge, sparked your intellectual curiosity, and widened your professional network.

Next Steps:
Over the next month we will work with you and/or your sponsoring organization to ship your certificates to you. Please stay tuned for updates. These take a bit of time because your certificates are shipped from the UK to the US and then distributed accordingly.

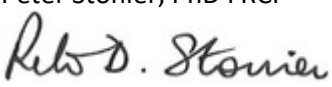

With kindest regards,

Honorio Silva, MD

Program Director
Honorio.silva@ifappacademy.org

Peter Stonier, PhD FRCP

Program Co-Director
