PROFILE

Passionate for learning, technology, calisthenics, and video games. Always looking to be the best i can be, comparing myself to where i was in the past and how i want to be in the future and the things i want to accomplish.

I consider myself a team-player, as Michael Jordan said: "Talent wins games, but teamwork and intelligence win championships".

EMPLOYMENT HISTORY

Full-Stack Developer at Carganet S.A., CABA
January 2019 — June 2019

My work here consisted of developing, maintaining and testing an inventory platform. The main objective was tracking the inventory and cash movements, using forms and graphics to show how much income the business was generating, how much products they had left in the inventory, managing employees work-time, among other tools.

Tech Stack: Bootstrap 3 & 4, Javascript, HTML, CSS, jQuery, PHP, MySQL.

Front-End Developer at Confortsur S.A., Berazategui
May 2019 — October 2019

Worked at this Fin-tech as a Front-end Developer, i developed and maintained new features

Tech Stack: React.js, Redux, JavaScript, HTML, CSS, Bootstrap 4, Sass.

Full-Stack Developer & Data Scientist at UMA Health AI, Buenos Aires
November 2019 — November 2020

My main task here was to develop and maintain new features, the platform had several parts: Patient (PWA), Doctor (Web App), Admin (Web App) and Providers (PWA). Also performed data science related tasks, like developing Machine Learning Models.

Tech Stack: React.js, Redux, JavaScript, HTML, CSS, Node.js, Express.js, Firebase, Tensorflow.js, Sass.

Full-Stack Developer at Phinxlab, Buenos Aires
November 2020 — Present

Currently working in Phinx Lab as Full-Stack Developer. In Staff augmentation modality for the company BlockFi, which is a platform for crypto-trading assets. Developing new and maintaining features in the Auth team.

Tech Stack: React.js, Redux, JavaScript, HTML, CSS, Auth0, Styled-Components, Node.js, Express.js.

EDUCATION

Computer Engineering, Universidad de Oriente, Puerto La Cruz
March 2015 — October 2017

Studies not completed.
