RAMIRO **PARELLADA**

Computer Science student | Front-end web developer

+54 9 351 808 4219 rampare99@gmail.com
Córdoba, Argentina github.com/rampare99

Passionate JavaScript developer, with strong experience in front-end frameworks and libraries like React, Material UI, Styled Components and Chakra UI. I have a strong mathematical and algorithmical background as a student that allows me to acquire advanced reasoning methods and a rigorous work ethic.

Formation

2021 **The Complete Node.js Developer Course (3rd Edition)** by Andrew Mead, at Udemy.
Argentina Programa, a government course that teaches the basics of OOP and Java development.
2020 **Computer Science degree (currently studying)**, at the National University of Córdoba (UNC), Faculty of Mathematics, Astronomy and Physics (FaMAF).
JavaScript Algorithms and Data Structures, at freeCodeCamp.
React - The Complete Guide (incl Hooks, React Router, Redux) by Maximilian Schwarzmüller, at Udemy.

Experience

December, 2021 – Present — **Front-end web developer, ESolutions,**
- Development and maintenance of web applications for international clients.
- Communication with clients.

JavaScript | React.js | Context API | Java | CSS | Material UI

January, 2021 – December, 2021 — **Front-end web developer, Dicode Group,**
- Creation and development of web applications (e-learning plataforms, streamings, marketplaces, landing pages, surveys).
- Implementation of web interface development frameworks (React, Material UI, styled-components, Chakra UI).
- Basic back-end development.
- Communication with clients.
- Bug fixing and corrections of old projects in pure JavaScript, CSS and HTML.

JavaScript | React.js | Redux | TypeScript | CSS | Material UI | Chakra UI

2020 – 2021 — **Freelance web developer, Splight - Artificial Energy,**
- Creation and maintenance of a landing page for a client in the United States.
- Constant communication with the client.

React.js | styled-components | Material UI | CSS
