

Perez Peña Estanislao

📍 Frontend at Leniolabs_

Key Expertise

- Build interactive and powerfull user interfaces
- Great communicator of ideas
- Deep development understanding
- Problem solving

Tools & Skills

React

Javascript

Typescript

NodeJS

Git

Summary

System Engineer currently working as frontend engineer with also a backend background, with system design and good practices as my principal focus. I’m always trying to improve both, hard and soft skills, I think that team organization and collaboration makes huge changes on the team capacity.

Having worked as a QA developer gave me a user perspective that makes me focus not only on web development but also on users and their platform usage.

Selected Work History

Sep 2021-
Sep 2022

React Developer

Worked on a large frontend system composed by many repositories, written with typescript and react, it used many state management librarias such as Redux and EasyPeasy.

Using technologies as Git and JIRA for team management and repositories.

CI/CD methodology boosted by Jenkins to build and deploy on the different environments.

2020-2021

Quality Assurance Automation Engineer

- Designing, documenting, executing manual tests and automating test cases.
- Experience with Selenium, Jenkins, TestNG.
- Experience in Test Automation framework development on Java for Web Applications.
- Test reports monitoring and bug reporting and tracking in JIRA.

2020

FullStack developer

I contributed to the development of a web platform that helps elderly people to perform temporal-spatial cognitive training.

Technologies used:

- ReactJS
- Redux
- PeerJs, WebRTC
- SocketIO
- MaterialUI
- NodeJS
- Express
- MongoDB, Mongoose

2019-2020 **Teacher assistant**

Working as teacher assistant on Agile methodologies and algorithms design subjects

Education

2016-2021 **National University of the center of Buenos Aires Province**

Engineer's degree, Systems Engineering

2016-2019 **National University of the center of Buenos Aires Province**

Computer Systems Analysis

Articles and Talks

- Talk: Emoji, not just a pretty face. Talk about UNICODE and how emojis are interpreted.
