https://www.linkedin.com/in/martinpatino/

Software Developer with more than 5 years of experience in the financial sector using Java, Spring Boot, MySQL, PostgreSQL, MongoDB, Redis, AWS, HTML, CSS, JavaScript, Node.js and Python.

I'm passionate about science, technology and innovation, constantly looking for new challenges to continue growing personally and professionally.
My goal is to contribute as a team to solve the most challenging problems with highly scalable quality disruptive solutions. It motivates me to learn new technologies and get out of my comfort zone.
