Payment Details Summary

Company DBT	Sector DBT	Region DBT	Payment Trend
-	22	-	Stable

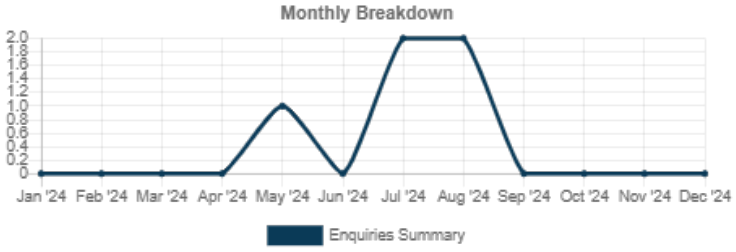

Important Note: The DBT expresses the days of delay with which an invoice was paid, beyond the agreed terms. The data are collected using Creditsafe's 3D ledger program that processes the bills shared by over 7,500 customers worldwide, reclassifying them on a statistical basis. It follows that the published DBT, although absolutely reliable, can only partially represent the payment habits of the company in question.

Creditsafe International Score [A-E]

The Creditsafe International Score is a standardised score derived from the Creditsafe rating. It enables credit risk comparison between companies that are registered in different countries

Credit Limit Explanation

The Creditsafe Recommended Credit Limit is calculated using the rating value and also formula that analyses information from a company's financial accounts and payment record. The advised amount can be defined as the maximum amount that could be advanced. Therefore the same maximum amount could be advanced each time that the company pay you

UBO

Who are the ultimate beneficiary owners of a company? Since August 2017, companies are required to declare the beneficiaries during company creation or updates proceedings.

An UBO is a physical person with effective control over a company:

- Any physical person with at least 25% of share capital or voting rights, either directly or through another legal structure
- Any physical person exercising control over executive management.

If no physical person is identified or declared as described in above situation, the statutory director(s) will be considered as UBO (unknown percentage of shares).
In addition, Creditsafe also indicated the beneficiairies with less than 25%. Sole proprietors are not counted since they are themselves UBO by nature.
