OBJECTIVE

Mi name is Milagros Rametta. I am a Public Accounting student with knowledge in bank reconciliations, account analysis, and database management. My main goal is to continue my training in the work environment, acquiring new skills and perfecting the ones I already have. I would be very interested in working in a positive work environment, surrounded by colleagues who share the same rhythm and professional commitment.

EXPERIENCE

March-2023- Actual

Accounting Analyst **•TAX ACR•** EY

I provide bookkeeping services for an investment group in the U.S. whose main activities focus on electric power, oil, and gas. My main tasks include preparing reports for presentation to financial entities, conducting risk analysis in reconciliations, preparing financial statements, analyzing accounts, calculating average billings for clients, and preparing journal entries, among others

September-2019 - March-2023

Process Improvement Analyst **•Inventory •** Mercado Libre

I performed inventory control and quality assurance functions, corrected deviations, implemented improvements in active stock management processes, and promoted continuous improvement in the organization and storage of products.
