DEDICATED PURA ENERGÍA C&I TEAM

Eng. José García Santiago, PE

President and CEO of Pura Energía with over 30 years of experience in electrical design and automation controls. José has designed and installed more than 25 MW in solar PV projects (residential, agricultural & commercial) since 2008. He provides consulting services to large commercial and industrial customer in the renewable energy field.

Eng. Moisés Acosta Viera, PE

Automation engineer and control SME with 18+ years of experience with companies like Honeywell and exp US Services. Moisés's main area of expertise is HVAC systems control and facilities control system integrator and is currently dedicated to microgrid controls integrations for Pura Energía.

Eng. Jonathan Barreto Quintana

Engineering manager with 10 years of experience in the design, configuration, permits, commission, and new product evaluation of new renewable energy technology specifically for Pura Energía. Has worked with standard PV systems, hybrid systems, off-grid systems, and storage systems at the residential, commercial and industrial level.

Rosio Canales Oppenheimer

Project manager and procurement coordinator for the C&I team, with prior experience in Quality Assurance department at Pura Energía. She has managed multiple C&I projects in tandem ranging from 100 kW to nearly 1 MW of individual installations.

Eng. Alexandra García, MEM

Chemical engineer and project management SME with 8 years of experience in a diverse suite of roles within the utilities industry, including systems engineer at a nuclear facility, Innovation strategist, and pre-construction technical project manager.

Eng. Jorge Nieves Rivera, PE

Mechanical engineer and certified construction manager in charge of Pura Energía's largest industrial construction projects. Previously he was working as a Facility manager for Banco Popular.

Heriberto Capella Ríos

Master electrician with 15+ years of experience in the design, installation, and certification of Substations from 150KVA to 3,000KVA. He leads Pura Energía's industrial installation and maintenance of electrical systems, wiring and industrial machinery connections.
