# Locations & Facilities

TechnipFMC

# Mexico Locations & Facilities

## Infrastructure

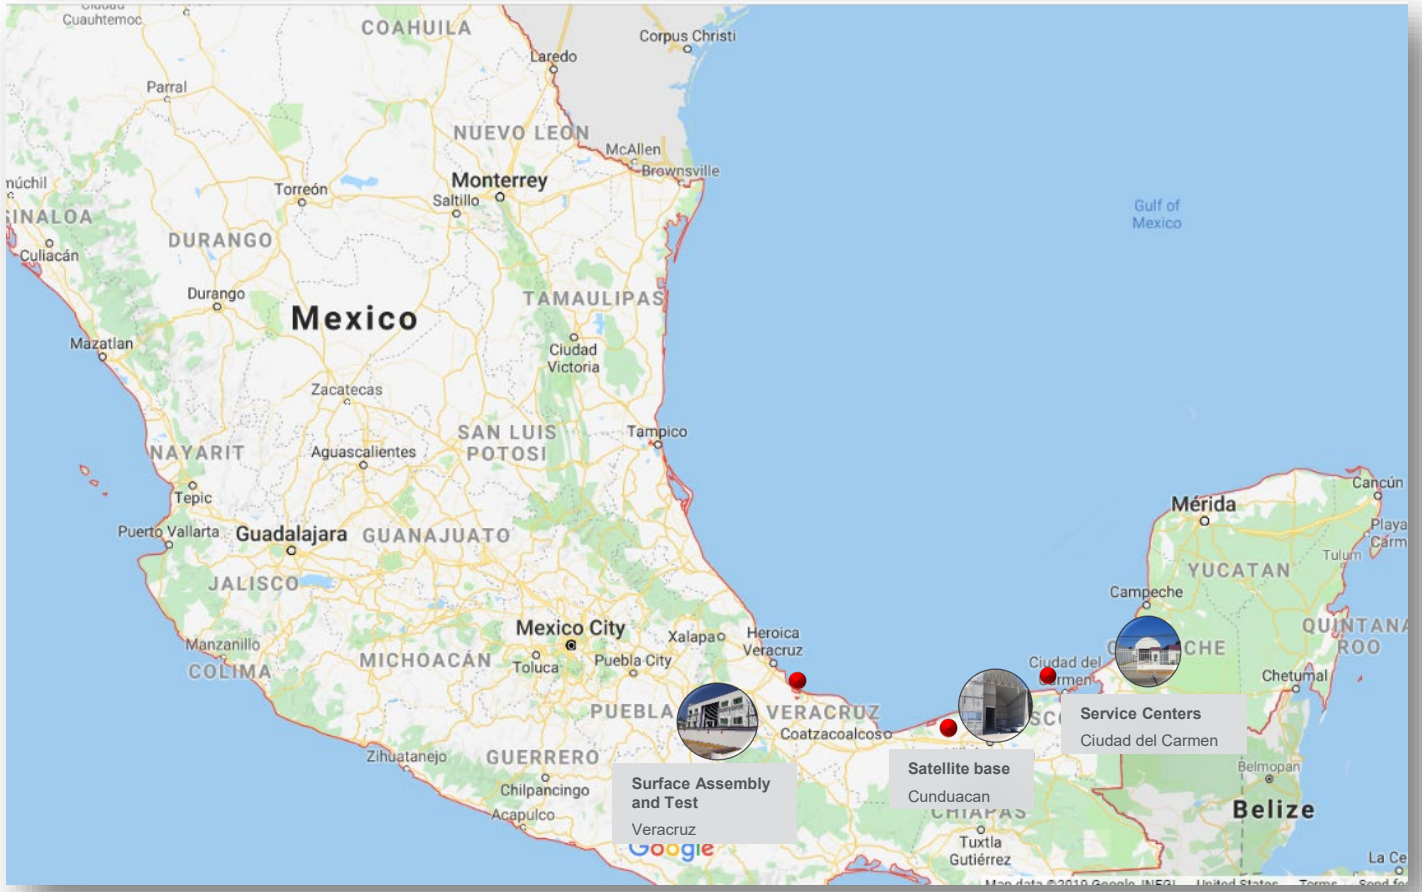

- Sales office in Villahermosa (Surface)
- Subsea Projects office in Mexico City
- Surface Assembly and Test in Veracruz
- Satellite Base in Cunduacan (Megaparque)
- Service Center in Ciudad del Carmen

## Capabilities

- Veracruz service base has standard minor assembly and test capabilities. Retains large storage warehouse
- Service center in Ciudad del Carmen used to mobilize techs offshore

## Expected long term strategy requirements

- Agreement with local yards for construction of equipment, waterfront access, etc.
- Increase Cunduacan Service base capabilities (Surface, aftermarket); Local vendors capable of manufacturing and providing services
- Identify and recruit local talent (agreements with local Universities)

# Mexico Locations & Facilities

**Surface Executive office**

- Villahermosa
