MB	**3,000 ton ***

**** Capacity***

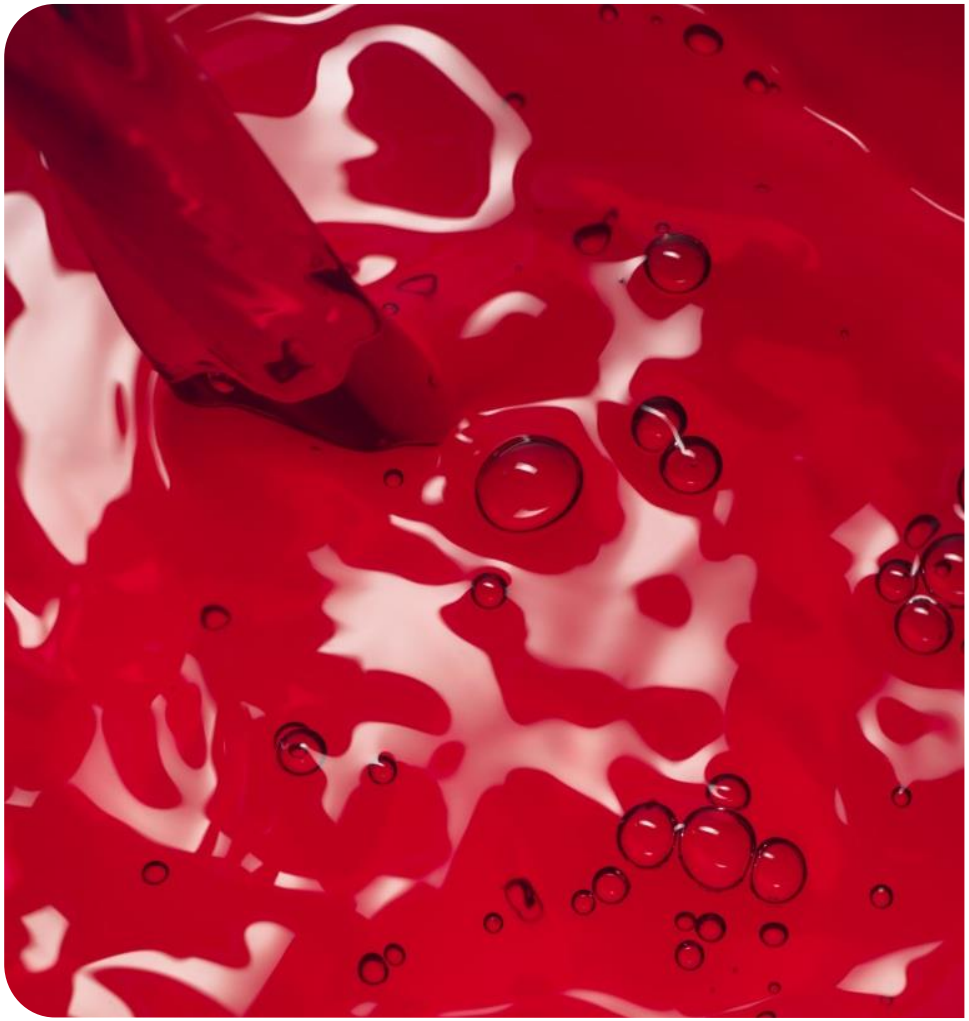

Personnel on site:

290 Clariant
106 Guests

Guests: Archroma
Merck Sharp & Dohme (MSD)

CLARIANT

Clariant Puebla Site

The 50 year old site of Puebla produces mainly Bleaching Earths for the purification of edible oils as well as colorful additives for detergent powders. Over 55,000 tons of production are exported with USA and Latin America being the main markets.

Mining, Research, Environmental sustainability and ESHA policies are part of our daily life.
