Thar SFC

This is to officially certify that Moises Botello Galvan has successfully completed technical training at Thar Instruments in November, 2008 in Pittsburgh, Pennsylvania, USA, and has reached proficiency in Thar's Supercritical Fluid PetroAnalyzer system.

Thar Instruments takes pride in its reputation of quality service and in providing solutions to our customers/partners. We expect that distributors such as Moises Botello Galvan, with the on-going training which Thar provides, will continue to maintain and enhance Thar's valued good name in the industry.
