Harman International Industries, Inc., is an American audio electronics company that develops solutions to enable seamless, connected lifestyles for the home, car, stage and enterprise through its leading audio products, infotainment systems, software and connected services.

Since 2017, the company has been operating as an independent subsidiary of Samsung Electronics. With Headquartered in Stamford, Connecticut, US, maintaining its own executive leadership team. Harman maintains major operations in the Americas, Europe and Asia. Harman markets its products under various brands, including AKG, AMX, Arcam, Bang & Olufsen Automotive, Becker, Harman Kardon, Infinity, JBL, Lexicon, Mark Levinson, Revel, and Soundcraft.

The company was founded by the engineers Sidney Harman and Bernard Kardon in 1953. They developed high-fidelity audio products together. Harman bought out his partner in 1956 and then expanded Harman Kardon. Since 1960´s Harman Kardon has been acquiring other companies such as JBL, DOD Electronics Corp, Infinity and Epicure loudspeakers, Allen & Heath, dbx, Studer, Lexicon, AKG, BSS, Orban, Quested and Turbosound.

Harman is a company commitment to lead with integrity, innovate with intention, and drive excellence. Recognizing the importance of strategic alliances in an increasingly connected world, particularly in automotive, HARMAN and Samsung's synergy leverages unparalleled global scale, R&D and distribution channels to accelerate innovation for customers around the world.

Harman solutions are divided into 3 business areas:

- Automotive
  HARMAN's market-proven navigation and infotainment solutions for the world's car makers making commute entertaining, informative, and productive with a paramount concern for safety and security.
- Lifestyle
  Consumer HARMAN's iconic audio products and breakthrough technologies set the standard for pure audio enjoyment with home, car and on the go products.
  Professional HARMAN engineers and manufactures audio, video and lighting products for some of the most recognizable names in live performance, audio recording, large venue, cinema, retail, corporate, education, government, hospitality and more.
- Digital Transformation solutions by offering professional services solutions across design, mobility, cloud and analytics that enable a connected world.

From multiple GRAMMY Awards to accolades for engineering excellence, HARMAN people and technologies are consistently recognized for outstanding performances, working consistently on innovation to improve Life´s Experiences.
