Compliance Alerts

Please note businesses are responsible for conducting their own KYC (Know Your Customer) checks. The Compliance Alerts generated by this report display **possible** matches for business or individuals. Matches are generated using many data points e.g. name, address, date of birth, possible alias, country etc. We recommend users click on each alert to view details of the potential match and use a screening tool (like KYC Protect) to ensure that screening is conducted in line with your own business risk appetite and internal processes.

Compliance Alerts, Compliance Risk, Indicators, KYC reports (together '**Compliance Data**') are created with Creditsafe data enriched by data provided by several third-party suppliers which would not be possible for Creditsafe to guarantee accuracy.

Creditsafe Compliance Alerts screens selected business or individuals (directors, Ultimate Beneficial Owners (UBOs) using a minimum of 90% matching score, to generate alerts relating to the following categories of risk: Sanctions/Watchlists and Enforcement Agencies. The screening tool matches based on whether the entity searched is a business or individual, aliases, date of birth (with a 12-month tolerance), country and gender. If some of the data needed to match is not available the algorithm assumes a possible match. EXAMPLE: A search for “Mohamed Ali” with no residential country but with a date of birth and a Director of a UK company gives a 100% match. Mohamed Ali is a very common name and often regulators do not store date of births of persons on watch lists. The address of his work is also not taken into account as it is not a confirmed legal personal residence. A 100% match does not mean the Director in question is a match. We must look at the details of each potential record reported.

The compliance data is not intended to be used as the sole basis for any decision making and is based upon Creditsafe data that has been enriched with data provided by third parties, the accuracy of which it would not be possible for Creditsafe to guarantee. The Service is provided without warranties of any kind, whether express or implied and no representations are given in relation to the information provided. Creditsafe seeks to exclude any liabilities that may arise out of the use or misuse of the information.

NOTE: Compliance alerts have no impact on a company's credit score and are made available to simplify the process of conducting your own compliance checks only. Large reports with more than 50 names to screen, will not be generated. This limit will increase in the future.
