Sr. Net & Angular Developer at Clarika Software + Innovation

## Summary

I am a passionate and proficient Web Developer with more than 8 years' experience producing code to a consistently high standard. I am constantly honing my skills within the web development arena, and apply my knowledge to implement a range of practical solutions with the utmost efficiency. I possess a proven track record of developing .NET applications and am seeking a role that will utilize and expand on these skills.

I have experience in projects related to insurance, banking, financial services and healthcare industry.

Proficiency with Web API & AngularJs/Angular. Deep knowledge of Angular practices and commonly used modules based on extensive work experience.
