Gameloft
4 years 5 months

World Tech Support Coordinator
January 2010 - December 2010 (1 year)

Supervise all in-house customer support, with teams all around the globe. Supervise external customer support, with partners in Germany, Indonesia, Taiwan and Buenos Aires. Keep in touch with the Business, B2C and E-Commerce team to be informed on new promotions and sales events that might need assistance or be relevant to customer support. Generate reports with detailed information on each customer complaint via mail, forum, twitter and phone; and then send it to HQ. 17 people in charge.

Submission Specialist
August 2008 - April 2010 (1 year 9 months)

Database managment

Quality Assurance Lead Tester
August 2007 - August 2008 (1 year 1 month)

Main assignment was to make sure the projects assigned to me was properly completed in time and manner. To do this, I decided how many testers will be needed for a certain projects, and assign the tests to each one of them. 8 people in charge.

Quality Assurance Senior Tester
March 2007 - August 2007 (6 months)

Same tasks as a regular Tester. Help less experienced Testers by answering their questions, assisting them in their tests and training them to become better Testers. Occasionally replace the Testing Lead when he/she is absent

Quality Assurance Tester
August 2006 - March 2007 (8 months)

Capture the errors with a digital camera and image processing software, report the bugs in a database: make a clear description of the bugs so that it can be easily found (and fixed) by the programmers
