PROFESSIONAL RESUME

Name: Cristian Buffa **Role**: Senior Developer

SUMMARY

I am a professional with almost 12 years of experience in software development using .NET technologies for an important multinational company, with a lot of experience using agile methodologies in constant communication with clients from the USA and Argentina.
My goal is to continue learning and growing as a professional and as a person, not only on technical aspects but on interpersonal skills, leadership, problem solving and decision making.
I would like to be part of a group of professionals in constant communication, getting to know each other, learning from each other and delivering great work to our clients.
