3 personas han recomendado a Christian Alexis

"Christian es un persona formidable, siempre con actitud positiva y preocupado por sus compañeros de trabajo. He trabajado con Christian algunos años en BPD Solutions, donde se ha desempeñado en el área de Infraestructura, instalando en los cliente, los aplicativos fundamentales para la realización de los proyectos EPM&BI. Así también, cuando fue necesario, participó en proyectos de Consultoría, debiéndose adaptar y capacitarse en herramientas tales como Hyperion, Oracle Data Integrator y Base de Datos Oracle. Christian es un persona que aporta dentro de cualquier equipo de trabajo. "

—Victor Duran Heinrich, Project Manager, BPD Solutions, ha supervisado a Christian Alexis indirectamente en BPD Solutions.

"Christian has been one of the key members of my team from the very first days he joined the company. He is a team player and likes to help others. He played a key role in several projects between from London and Buenos Aires. He played an instrumental role in complete knowledge transfer and ensuring the smooth process transition of new products and platforms. He is a quick leaner, an important contributor to many of our projects. He possesses knowledge in IT operations, Service Delivery and Incident Management, which makes him a valuable asset for any operation team. Christian performed key tasks on the team related to incident management and training. He is an easygoing person and he always withstand to the company values. His strengths are not only technical but he also shows people skills, this makes him a good value for any team. I'll be happy to provide personal feedback to anyone who wishes to work with Christian."

—Sebastian Gravina, Service Delivery Manager, Nubiral, ha supervisado a Christian Alexis en Thomson Reuters.

"Christian has been one of the key member from the very first days of EC1 who joined the team when the process was being migrated from London DTC to Buenos Aires GCC. He played an instrumental role in complete knowledge transfer and ensuring the smooth process transition at GCC. He is a quick leaner, an important contributor to many of our projects, very warm and easy going person to work with. He is also on the cutting edge of what’s new in the world of IT

operations, Service Delivery and Incident Management, which makes him all the more valuable. I would recommend him to anybody."

—Monika Bist, Transition Manager, Tech Mahindra, ha trabajado directamente con Christian Alexis en Thomson Reuters.
