- Solving performance problems.
- Working on a distributed team using Agile methodologies (Rosario, Paraná, USA, India).
- Peer code reviews.

Technologies: Java 8, HTML, AngularJS, REST, Spring Framework, Spring Boot, JPA, Hibernate, Oracle, PL/SQL, MongoDB, Tomcat, Git, Maven, JUnit, Mockito, Cucumber, Jira, Bamboo, Docker, Linux.

Neoris Argentina - (July 2009 – May 2015)
Criminal Justice System – Government of Santa Fe (January 2015 – May 2015)
Role: Lead Developer – Team (1-3)
Contribution:
- Project configuration.
- Analyzing the requirements and coming up with the Estimation.
- Design/Development - Module: Public Defender's Office System.

Technologies: Java SE, HTML, JSP, Javascript, JQuery, JSF2, Primefaces, WebServices, Spring Framework, JPA2, Java Mail, Velocity, SQL, Oracle, PL/SQL, JBoss, Glassfish, Maven, JUnit, Sonar.

ASIS Project – OSDE (October 2010 - January 2015)
Role: Lead Developer - Team (3-5)

Contribution:
- Designing/Developing enhancements - Module: Contracts with health providers, Module: Reports.
- Analyzing the requirements and coming up with the Estimation,
- Tickets coordination, Estimation Assigning, Tracking.
- Coaching to developers.
- Solving performance problems.
- QA Support.

Technologies: Java SE, HTML, JSP, Javascript, JQuery, Struts 2, WebServices, Spring Framework, Hibernate, Ecache, SQL, DB2, PL/SQL, JBoss, Maven, JUnit, Sonar, OSDE Frameworks.

Bank of Chile (July 2009 – October 2010)
Role: Sr. Developer
Contribution:
- Effort estimation, design and development of specifications provided by client.
- QA and Production support.
- Coaching to junior and trainee developers.
- I have been in charge of Appraisals module since April 2010: Analyzing the requirements and coming up with the Estimation, Estimation Assigning, Tracking, and Developing. Team (3 -5)

Technologies: Java SE, HTML, JSP, JSTL, Javascript, JQuery, Struts, EJB 2.0, Axis, Spring Framework, Hibernate, JDBC, SQL, Oracle, PL/SQL, GWT, GWT-EXT, JBoss, Sun Iplanet, WebSphere.

Silex IT S.R.L. (June 2007 – July 2009)
Role: Sr. Developer
Contribution:
- Effort estimation, project configuration, design, development and deployment. Contact with clients.
- Coaching to junior and trainee developers.
- Integration with Authorize.net.

Technologies: Java SE, HTML, JSP, JSTL, Javascript, Spring MVC, Spring Security, Spring Framework, Hibernate, JDBC, SQL, MySQL, MSSQL, Tomcat, BIRT, iText, Maven, Java Mail, Velocity.
Projects: HR Recruitment System – Ternium, Alarm Monitoring System – Molinos Río de la Plata, Ecommerce portal – Miami Marina Specialists.

Aptix IT S.R.L. (August 2005 – June 2007)
Role: Developer
Contribution:
- Contact with client, development, maintenance, support and deployment.
- Integration with booking engine (KIU System Solutions).
- Integration with Payment Gateway (NPS).

Technologies: Java SE, HTML, JSP, Javascript, Struts, Struts-Tiles, Struts-Validator, Hibernate, SQL, MySQL, Tomcat, WebServices, Informix, XML, XML with JAVA API.
Projects: Airline Portal – Sol Líneas Aéreas, Wholesaler Tourism Portal – OLA Mayorista de Turismo, Bidirectional interfaces with biochemical equipments – Grupo Gamma, Extranet – Rizobacter.

FortuneWare Argentina S.A. (October 2004 – August 2005)

Processing system for Visa Infinity Cards – Bank IXE México
Role: Developer
Contribution: Bug Fixing, Maintenance.
Technologies: Java SE, HTML, JSP, Javascript, Struts, Castor ORM, Sybase, WebLogic.

Rosario City Hall. (June 2003 – October 2004)
Land Registry System
Role: Developer
Contribution: Development, Maintenance, QA Support.
Technologies: Java SE, HTML, JSP, Javascript, Struts, Hibernate, SQL, Informix, Tomcat, iText.

SKILLS

English Language
Intermediate level.
Global English 4th Level, Aricana – Rosario. 2008.

Technical
Programming Languages: Java, SQL, PHP.
Java Technologies: Java SE, Java EE(Servlets, JSP), JDBC, Swing, JavaMail, JSTL.
Java Frameworks: Spring Boot, Spring, Spring Security, Struts, JPA, Hibernate, Castor, Log4j, Velocity, Quartz, JUnit, JMockit, Mockito, Cucumbers, iText, BIRT.
Web: HTML, XML, CSS, Javascript, JQuery, AngularJS
Databases Engines: MySQL, Oracle, DB2, Informix, MSSQL.
WebServers/AppServers: Apache, Tomcat, JBoss, WebSphere, Weblogic.
IDEs: Eclipse, Intellij, Netbeans.
Operating Systems: Windows 9x-NT-2000-XP-Seven-10, Unix, GNU/Linux.
Methodologies: Agile, UML, RUP.
Tools: CVS, Subversion, Git, Maven, Power Designer, Visio, MySQL GUI Tools, SQLDeveloper, TOAD, DBVisualizer, Enterprise Architect, SOAP UI, Jira, Bamboo.

TRAINING

Training and Seminars Attended
- Certified Agile Leadership I (Scrum Alliance®) (July 2018)
- Agile projects using Scrum. (CSD Module 3) - Kleer. (November-2014)
- Software Estimations – Solus. (September-2013)
- Leadership in practice (2012)
- Oracle Certified Programmer for the Java 2 Platform, SE 6.0 (2011)

Training and Seminars Taught
- Neoris Argentina – Java Lab for Young Professionals – (August 2011 – October 2011)
    - Theoretical and practical training in Java language.
    - Evaluation of assistants to identify potential candidates for admission to the company.

AWARDS

Awards and Recognitions
- Neoris Argentina – Practical Visionaries Awards Winner (2011)
