Gabriel Scarcella

Argentina

Developer

Summary

I'm a Full Stack Developer. I have more than 11 Years of Experience in Web Applications.
Geek Since Born, Always ready to learn new technologies. I enjoy reading docs and manuals.

Im working every day with Django, DRF and Channels integrating with ReactJS Frontends.

I find myself really confortable working with Python and Javascript.

Experience

Python Developer at Freelance

January 2017 - Present (3 years 11 months)

I'm working Freelance for a Single Client. Mixing a lot of technologies for their bussiness.

Between these technologies, i work with:

*. Django + Django Rest Framework + Channels + Celery
*. TelegramBot API integrated with Django to let admins and staff members to control, moderate and tune their Bots.
*. ReactJS (Full reactjs apps, and also some small react components running with Babel inside django templates, like a Users Chat, made with React and Channels)

Also, i do all the system managment from diferent Linux Servers. Most of them are Ubuntu Server but we also have Fedora and CentOS.

PHP Full Stack Developer at Various Companies

January 2008 - December 2016 (9 years)

Work in various companies as PHP Full Stack Developer
Some of used technologies along the years:
*. OOP PHP
*. CodeIgniter
*. CakePHP
*. Laravel
*. Kohana

*. Wordpress
*. jQuery
*. Ajax
*. HTML5/CCS3
*. Bootstrap
*. Google Cloud
*. Bash Scripts
*. Linux Environments
*. Server Management (Linux & Windows Based)
*. GIT
*. Wordpress
