

JOSÉ ALBERTO PÉREZ

PHP FULLSTACK DEVELOPER

PROFILE

I'm an experienced PHP developer. I've spent the last 5 years working on various Symfony and Laravel projects. I also have experience working with Docker Enviroments, Google APIs, Bootstrap and other technologies. In my current position I am surveying technology and designing patterns with business strategy, defining application architecture too and estimating time and efforts. I have more than 10 years of experience as a developer and extensive knowledge in PHP, JS, agile methodologies (SCRUM mainly), MVC frameworks, service-oriented architecture and development best practices. Also, I have a creative and adaptive capability. I'm proactive and responsible.
