WORK EXPERIENCE

Accenture - (September 2014 - August 2020)

Scrum Master (August 2019 – August 2020)
I have officiated as a Scrum Master for a year. My main task consisted in helping to mobilize three different teams to Agile Methodology, help to implement Scrum framework. Agile coaching, ceremonies coordinator and facilitator, impediments removal, help the team improve productivity and report to Leadership.

PMO Lead (August 2017 – August 2020)
I have been a PMO Lead at Accenture for 3 years. I have participated in several projects (being the last one a portfolio with a 10-million-dollar budget). My main role was to provide financial and resources analysis support and report to Leadership. Among my task I would like to highlight: Financial data management and analysis, Capital management and tracking, Resource Management, Report to Leadership, Incidents/Risk/Change Request Management, Service Metrics & reporting, Customer engagements/Management support, Resources training for beginners/backfills, SharePoint Master List, Documentation & Process Management.
Responsible for I&D guidelines compliance process for Accenture applications. Participate and/or conduct meetings with Local Leadership and Auditing Enterprise Leadership to perform Quality Assurance Reviews of Internal Controls testing evidence and ensure to obtain the maximum level of quality on each control document.

Functional Analyst (August 2014 – August 2017)
As a Functional Analyst my main duties consisted on the following task; Work across the Service Delivery Lifecycle to analyze, design, build, test, implement and/or maintain multiple system components or applications for Accenture or our clients. Be a designer within the Business Architecture Team gathering requirements, analyzing them, presenting the solution thinking, and working on the deliverables needed. Also participate during building and testing phases as support. Support and trainee for the local planning of "Functional Capabilities" (Rosario).

Globant - (2013-Junio 2014)

Functional analyst
