Manuel Fernandez

SKILLS SUMMARY

- PHP Development (CakePHP 3)
- HTML, CSS3, Javascript
- Angular
- Ionic Framework (mobile)
- Linux-based infrastructure
- AWS Lightsail
- Firebase Hosting

OTHER SKILLS

- Technical and creative writing (wrote articles for USERS Magazine).
- Good team-wide communication.
- Good interaction with clients and non-technical stakeholders.

PERSONAL PROFILE

I like to see myself as a solution-oriented backend developer. I'm not afraid of investigating and learning new tools and methodologies if that's what it takes to solve a problem.

WORK EXPERIENCE

Full-stack developer

Syloper | Aug. 2017 - present

- Planning and executing technically efficient ideas, without neglecting business requirements and needs.
- Learning and investigating about new tools and methodologies in order to add value to our development process.
- Finding flaws and weaknesses in our everyday workflow, and coming up with solutions so to increase overall team performance.
