Banquito
Co Owner
April 2013 - April 2015 (2 years 1 month)

As co owner I use my background in agile metodologies for continuous improvement and organic grow.

A software developers we offer our wide experience building software to find the best possible solutions to our customers.

Fuerza Tres
Agile facilitator
March 2012 - March 2013 (1 year 1 month)

All the activities that we did were focused to translate what we learnd about agile methodologies outside software world.

This kind of work allowed us to explore new ways of teach and learn, to create workshops, to facilitate spaces. And to be a bridge between different cultures of work.

Kinetica Solutions
Software Developer
July 2012 - February 2013 (8 months)

A worked as developer in a broad range of technologies as Windows 8 apps, asp .net, Android appss, even java, linux and mondrian olap engine.

I also organized activities as kids code camp and many internal training spaces:
