Professional Experience

EY Argentina (Ernst & Young)
12/2017 – 1/2019: *Supervising Associate. Global Business Management Analyst*

Project demand analyst within IT area. Rank, analyze, and balance demand throughout the year to reduce the disruption of annual planning. Measure the performance of the annual plan (30M) by collecting forecast of the investment portfolio. Build reports, dashboards and executive summaries of various project investment related information for review and decision-making. Integrate planning, business case development, and project change requests with project execution. Manage relationship between global finance and the Information Security investment portfolio. Manage timelines and communications with internal stakeholders. Review data for integrity and quality.

Achievements:
- Assisted with a monthly data collect process that generated a more accurate forecast information.
- Assisted with the creation of the 2019 Fiscal Year Invest Plan (USD30 M)

Recognition: "For adding value to InfoSec" BMO Manager. Date: 09/2018

Monsanto Argentina
12/2016 – 12/2017: *IT Financial & Operations Sr. Analyst*

Responsible for controlling Global P&E Cost Center in Argentina (USD 6 M per year: Offshoring mode). Collect and analyze finance and administrative data. Recover funds by IT global projects. Provide cost/benefit estimations over contracted resources to improve the results. Collaborate with the budget and forecast of the IT Soy Project Support (4 million dollars).

Achievements:
- Reduced loss of funds to less than 2% per month
- Achieved a budget overrun for IT Soy Project Support less than 4% (with an organizational change in the middle of the fiscal year)

Monsanto Argentina
07/2013 –11/2016: *IT Operations Sr. Analyst*

Responsible for controlling and monitoring monthly services according to the IT budget. Assist Offshoring's Manager with finance data. Collect and control contractor's monthly documentation (150 resources).

Achievements:
- Reduced delays in the delivery of the contractor's documentation by 2%
- Monthly services expense's variance less than 2%

Recognition: "For her performance and commitment to always provide quality service" IT Manufacturing Manager. Date: 09/2014
