PROFESSIONAL SUMMARY

Versatile DevOps IT professional and team player with strong background in Systems Architecture and Software Development. Skilled and with hands-on experience on Azure Cloud Solutions and Services, Automation, Microservice and Serverless Architectures. Knowledgeable in Infrastructure (Servers, Storage, Networking) and Security.

SKILLS

- Software Architecture (Patterns, Microservices, Serverless, REST APIs, MQs)
- Software Development (JavaScript, Python, Java, PHP, Node.js, AngularJS)
- Automation (Powershell, Git, GitLab-CI, VSTS, CI/CD)
- SQL and NoSQL databases (Azure Cosmos DB, Azure Storage Accounts, MongoDB, MSSQL, MariaDB)
- Azure PaaS and IaaS Services
- DevOps and Agile Mindset
- Interpersonal Skills
- Team Player
- Technical Writing/ Documentation

WORK HISTORY

07/2018 – Current **Azure Cloud Engineer** / ExxonMobil

- Providing education and consultation on both general and advanced questions related to Azure.
- Working with different company teams to design and validate solutions (using IaaS, PaaS and SaaS) for Azure.
- Helping teams migrating existing projects/solutions/applications to the Azure environment.
- Documentation of Azure processes and most common use cases.
- Providing hands-on technical sessions to the clients.
- Worked in collaboration with Microsoft CSA's to assist teams and document recommendations for their applications.

Hands-on: #AzureStorageAccounts #AzureAppServices #AzureFunctionApps #AzureLogicApps #AzureCosmosDB #CloudArchitecturePatterns #AzureAD #ARM #OIDC #OAuth #AzureDevTestLabs #AzureApplicationInsights

01/2018 – 06/2018 **Cloud Proxy DevOps Engineer** / ExxonMobil

- Built and designed all the web-based applications, interfaces and APIs for the Cloud Proxy team.
- Maintained web access control policies through code (IaC).
- Designed and deployed the whole team's applications environment with a Microservice Architecture.
- Automated team's operational tasks using scripts.
- Resolved customer issues with the service and provided support.
- Constantly investigated and researched on new technologies to improve team's applications and automation processes.
- Trained junior members.
- Worked in a Distributed Agile team of teams implementing SAFe.

Hands-on: #Python #Flask #NodeJS #ExpressJS #AngularJS #REST #API #VSTS #Git #GitLab #OpenShift #Agile #Scrum #SAFe #DevOps #Cloud #Proxy #Security

01/2017 – 12/2017 **Network DevOps Engineer** / ExxonMobil

- Maintained web-based applications and APIs for the Network team.
- Deployed a CI/CD pipeline for network devices configuration generation and provisioning.
- Maintained network devices configurations through code (IaC).
- Modernized the whole team's applications environment with a Microservice Architecture.
- Maintained team's base images for containers deployment.
- Presented team's new automation products and achievements to customers in company events.
- Constantly investigated and researched on new technologies to improve team's applications and automation processes.
- Worked in a Distributed Agile team using Scrum.

Hands-on: #NodeJS #ExpressJS #MongoDB #AngularJS #REST #API #TFS #Git #GitLab-CI #Docker #OpenShift #RHEL7 #CiscoIOS #Junos #OpenConfig #Agile #Scrum #DevOps

06/2016 – 12/2016 **Software Engineer** / ExxonMobil

- Designed, developed and maintained web-based applications and APIs for the Network team.
- Designed and maintained team's SQL databases.
- Automated network devices configuration generation.
- Built Splunk dashboards from network devices data.

- Requirements specifications gathering from customers.
- Technical documentation.

Hands-on: #Java #PHP #NodeJS #Apache #MariaDB #MSSQL #HTML #CSS #JavaScript #JQuery #PowerShell #UML #Splunk

EDUCATION

2012 - 2017 **Informatics Engineer /** Universidad Argentina de la Empresa
CABA, Argentina

2009 - 2011 **Electronics Technician /** Instituto Tecnológico San Bonifacio
Buenos Aires, Argentina

CERTIFICATIONS

01/2015 **Certificate in Advanced English /** Asociación Argentina de Cultura Inglesa

10/2017 **Certified ScrumMaster /** Scrum Alliance

11/2017 **Certified Scrum Product Owner /** Scrum Alliance

06/2018 **SAFe for Teams 4.5 /** Scaled Agile Inc.
