

Virginia Hamra

About me:

I was dedicated to music education, but today I am interested in taking a turn in my professional career getting into the world of technology.
I am trainee web developer and I'm passionate about continuing to learn.
My goal is to get my first job in IT and keep growing both in the workplace and personally.

Experiences

2012-2019 — Freelance / Education
Music Teacher
I give private piano lessons.
I have experience creating music assemblies and managing cultural activities.

2016-2017 — DirectWay S.A. / Telecommunications
Call Center Operator
In this company I was in charge of the verification of sales quality. It loaded data in CRM forms and performed customer service.

2015-2016 — Institute Siglo 21 / Education
Music Teacher

Education

2019 — National University of La Matanza
Computer engineering
Attending to first year.

2012-2018 — National University of Tres de Febrero
Bachelor's degree in Music
I attended until 4th year. Currently suspended studies.

Other Interests

I love art, music and cinema. I keep these passions for my free time. I strongly believe that a broad and multidisciplinary artistic vision has a positive impact on my work as a developer.
