About me:

I am a responsible person who always seeks to outdo himself day by day. I aim to develop my full potential both in group tasks and individual ones.
I define myself as a respectful and dedicated person, someone who tolerates working under pressure, and I stand out for my creativity and interest in learning new things.

Work experience:

2018 Intern at Brain Network
- Assisted in development of various print marketing materials
- Helped with administrative support, including managing incoming calls, coordinating files and sorting mail
- Restocked office supplies and retrieved files for staff
- Sorted and organized materials such as physical files, tracking spreadsheets and reports

2017 Freelance commission designs.
- Translated complex concepts and data into compelling visuals for media outreach
- Consulted with clients to discuss preferences, styles, and ideas for commissions
- Handled all client communications to build professional and long-lasting business relationships and bring in continuous work
